

Shotz City Global Partners with HoopDome to Elevate Basketball Shooting Experiences in Toronto

Toronto, ON, September 20, 2024 – Shotz City Global, Canada’s first basketball training facility focused solely on improving shooting, is proud to announce a dynamic partnership with HoopDome, Toronto’s renowned indoor basketball facility. This collaboration is set to revolutionize the way players engage with the sport. Shotz City Global will bring its cutting-edge technology that provides instant feedback on the accuracy and arc of every shot, minimizing the time needed while maximizing the training required to become a better shooter.

Shotz City Global and HoopDome will collaborate to establish a specialized basketball training facility at HoopDome, named Shotz City HD Toronto dedicated to enhancing basketball shooting skills!

"We are incredibly excited to partner with HoopDome, a pillar of the basketball community in Toronto," said Craig Henriques, Managing Partner of Shotz City Global. "Together, we will redefine how players experience the game by combining our technology with their top-tier facility. This partnership aligns with our mission to make elite basketball training accessible, engaging, and rewarding for everyone."

Ted Badner, President - Director of Operations of HoopDome, added, "This partnership with Shotz City Global is an excellent opportunity for us to elevate our programs and provide players with a unique basketball training experience. We look forward to creating impactful opportunities for both our players and the local community."

For more information about this partnership, upcoming events, and player opportunities, visit www.Shotzcity.com or HoopDome.com.

About Shotz City Global:

At Shotz City, we are revolutionizing the way athletes approach basketball training. Our technologically advanced basketball shooting system embodies our commitment to innovation and excellence. Imagine stepping onto the court and instantly receiving detailed feedback on your shooting stats and accuracy. Every shot is analyzed, and every angle is scrutinized in real-time. This data empowers you to make immediate adjustments, fine-tuning your technique with precision.

About HoopDome:

HoopDome is Toronto’s premier indoor basketball facility, providing a state-of-the-art space for players of all ages and skill levels to practice, train, and compete. With multiple courts and year-round programming, HoopDome has become a cornerstone of the basketball community in the Greater Toronto Area.
